- Strong classroom management and communication skills

About St. James' Episcopal School

Celebrating over a half a century of providing quality elementary school education to the children of Los Angeles, St. James' Episcopal School is a community that values academic excellence, scholarship, inclusion, joyful teaching and learning and a strong belief that an elementary school's primary purpose is to inculcate in children a lifelong love of learning, a commitment to community, a profound curiosity about people and the world, and gratitude for the opportunity to make our complex world more compassionate, empathetic and filled with joy.

Encompassing most of a block on St. Andrews Place, and a preschool on Gramercy Place, St. James' is comprised of 365 students and over 73 employees, whom we refer to as "staffulty" due to the belief that everything at St. James' is the curriculum and that all employees offer instruction and modeling to young people in some way.
